Chapter 1 Installation Guide

This chapter will guide you through the process of installing the network adapter software package, with the included software CD. The package integrates driver and configuration software. Thus, when you are installing the driver, the configuration software will be installed automatically as well.

The software installation steps and operating guide in this user guide are explained under Windows XP, Installation steps for other operating systems are similar.

Before you proceed with the installation, please notice the following descriptions.
***Note1:*** *The following installation was operated under Windows XP.*
(Procedures are similar for Windows 98SE/Me/2000.)
Note2: *If you have installed the WLAN USB driver & utility before, please uninstall the old version first.*

1.1 Install the USB network adapter

1.1.1 Please insert the Wireless USB Adapter into the USB port of your computer.

1.1.2 Ignore the following dialog. Please click "Cancel".

1.1.3 Put the software program CD, then auto installation window pops up on followingJust click **Windows**,the driver should run automatically (Double click "**Setup.exe**" in the software CD and manually install when it doesn't auto-run).

1.1.4 The following window will show up.

1.1.5 Click "Next" to process the installation.

1.1.6 It shows that it is installing.

1.1.7 Click "finish" to complete the installation.
